

# Mention on Patrice Neff's blog

Adrian Kosmaczewski

2009-12-23

“Yahoo! Blueprint for mobile sites”<sup>1</sup> in Patrice Neff's blog.

The past few days I created a mobile site<sup>2</sup> for Memonic<sup>3</sup>. During this I made use of some of the newly found knowledge from the past Webtuesday<sup>4</sup> which Adrian Kosmaczewski<sup>5</sup> was kind enough to share. See also my notes about iPhone web development<sup>6</sup> from that event.
