

# Speaking in Copenhagen and Zürich

Adrian Kosmaczewski

2009-08-26

Just a quick post to tell you all that I'll be speaking tomorrow evening (August 27th, 2009) in Copenhagen (Denmark) in the free JA00 Geek Night<sup>1</sup> organized by the great team of Trifork<sup>2</sup>. They are the organizers of world-class events such as the QCon London<sup>3</sup>, QCon SF<sup>4</sup> and RubyFoo London<sup>5</sup>!

But even better news for the Swiss: the same event will happen in Zürich, on September 9th<sup>6</sup> so feel free to come, have a snack with us, share a few drinks and talk about iPhone development.

See you there!
